**NORMACLAMP® GBS**  
**HEAVY DUTY HOSE CLAMPS**

NORMACLAMP® GBS heavy duty hose clamps are designed for use where reliability, durability, and high clamping force is required.

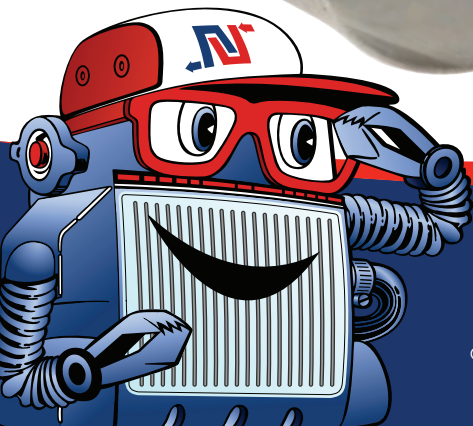

Reinforced Stainless Steel band hoops and heavy duty design allow these clamps to be tightened to high torque values easily with manual, pneumatic or electric standard tools.

Suitable applications include: commercial vehicles, agricultural applications, construction, municipal applications, irrigation and draining, tankers and in the food and chemical industries.

- 1 Specially designed bolt with integrated spacer.
- 2 Reinforced loops withstand significantly higher torque.
- 3 Mechanically locked closure for strength and corrosion resistance.
- 4 Stainless Steel Bridge for optimal hose protection.
- 5 Robust Stainless Steel band with rounded edges protects hose against damage.
